

Allen D. Nease High School
Baseball Diamond Club

Subject: Nease Baseball Sponsorship

The Allen D. Nease High School Golden Panther Baseball Team is extremely excited about our Spring 2012 baseball season. We have a talented returning team that has a committed coaching staff as well as an energized group of new younger players. It is gratifying to be associated with a group of student athletes who strive to be competitive both on the field and in the classroom. The Nease Baseball program looks beyond the game to create an environment that develops life-long values and positive character traits needed by today's youth as they transition from High School into the next chapters of their lives.

We are asking for your consideration and support of the Nease Baseball program during their sponsorship campaign. The County's financial support to the baseball team is minimal, so they must count on the support of parents, friends, community leaders, and businesses each year to help maintain the facilities and to procure necessary supplies and equipment. The attached form provides five levels of participation and defines the benefits associated with each level. Of course the largest gain from your donation is knowing that the baseball program can continue their efforts to impact the student athletes.

We thank you in advance for your financial support and hope to see you at Nease field enjoying a game!

Sincerely,
Allen D. Nease Baseball Diamond Club
